

ENERGY FORUM Moscow, Russia

Supported by

5-6 December 2012

International Conference

**Electric Power
of Russia:
Generation, Transportation
and Distribution.**

Concept of Development up to 2020.

7 December 2012

International Conference

**Coal of Russia
and CIS 2012**

Media Partners

Intellectual Resources Ltd (more widely known as Rusmet) was founded in 1997. Representative of the company in the USA is Intres llc.

Activities

Market research, conferences, exhibitions for metallurgy, mining, agriculture, oil products, cement and building materials, roads and road service.

In the past 5 years over 100 events were organized in Russia, Kazakhstan, Iran, UAE, USA, China, Turkey, Singapore, Uzbekistan, and EU countries. Total number of attendees amounted about 7000.

In 2009 Intellectual Resources Ltd was an operator of the Russian National Exhibition in Chicago (USA), the organizer of which was The Ministry of Industry and Trade of Russia. Over 50 extended market analytical reports were prepared for The Ministry of Industry and Trade of Russia, Shell, Severstal, Magnitogorsk Iron&Steel Works, Vallurec&Mannesman, ArcelorMittal, APEC.

Staff and location

The employees of Rusmet are highly qualified professionals in market analysis and IT.

Central office

Office G-202, MISIS, 4, Leninskiy prospekt, Moscow, 119049, Russia

Victor Kovshevny

CEO, Intellectual Resources Ltd.
Victor Kovshevny was born on 28 June 1974.
He is married, has a son.
Cell phone +7 (495) 720-7402
vkovshevny@gmail.com

Education

Moscow State University of Steel and Alloys (graduate of 1997), diploma with honours, Physics Engineer.

Professional activity

Victor Kovshevny is a founder and CEO of Intellectual Resources Ltd. (RUSMET).

Scientific activity

Victor Kovshevny headed an international research group on the project "Sustainable development of APEC countries mining". He was the author of the report from Russian side on the mentioned topic, which was presented in Singapore in 2009. The report was approved by ECOTECH commission and forwarded to UN commission on sustainable development.

Victor Kovshevny was the project manager and author of the research work "Modelling of economies sustainable development using input-output tables" in October 2011.

Public work

- Co-author of concept of national education and re-education program for metallurgy.
- Participates as expert in TV programs at Vesti, RBC-TV, and Expert-TV channels.

Hobbies

Photo, literature, politics.

International Conference

Electric Power of Russia:

Generation, Transportation, and Distribution.

Concept of Development up to 2020.

5 December

National University of Science and Technology MISIS, Nanotechnologies Meeting Room

10:30 Registration of participants

11:00–11:30 **Opening of the conference. Welcome address.**

- Yuri Karabasov, President, National University of Science and Technology MISIS

Moderator: Igor Vittel, RBC TV Host

11:30–12:30 **Session 1. Electric power of Russia.
Current state and perspectives of development.**

- Azat Salikhov, Head of Electric Machine Building Complex Department, INTERRAO UES
Overview of the industry
- Yuriy Saakyan, CEO, Institute of Natural Monopolies Problems
Electric Power of Russia: current state and perspectives
- Yuriy Plakitkin, Deputy Director, The Energy Research Institute
of the Russian Academy of Sciences
New paradigm of global energy development
- Igor Ryapin, Senior Analyst of Energy Center, SKOLKOVO Business School
Development of Distributed generation: reasons and perspectives
- Natalya Nevmerzhitskaya, Chairman of Board, Non-Commercial Partnership
of Guaranteeing Suppliers and Power Sales Companies (NP GS & PC)
Solutions for competition development in retail market of electric power
- Lidya Raimm, Deputy Director, First Patent Company
*Main trends of electric power enterprises development in terms of protection of intellectual
property. Legal protection of industrial property and intellectual resources of a company*

Q&A

12:30–13:00 Coffee Break

13:00–14:00 **Session 2. Energy efficiency**

- Lorenzo Colovini, Senior Manager Russia, CIS and Baltic, Enel (Italy)
Smart technologies for an efficient and cost effective distribution network
- Maksim Nikolaev, Vice President, Third Rome
Energy efficiency increase programs: practice of regional governments and investors relations
- Viktor Kudryavy, Advisor to President, EUROCEMENT group
Overview of grid complex of Russia
- Nikita Topuridze, President, Sim-Ross, group of companies
Necessary measures of State support of innovative projects in the sphere of energy efficiency
- Sergey Sitnikov, Counselor, Baker & McKenzie
Structuring and projects risks with regards to energy efficiency
- Bulat Nigmatullin, First Deputy Director, Institute of Natural Monopolies Problems
Optimization of investments of natural monopolies

Q&A

14:00–15:00 Lunch

15:00–17:00 **Session 3. Modernization**

- Andrey Lavrinenko, Vice President for Russia and CIS, Alstom Energy
Modernization of energy industry: successful experience of co-operation with international OEM-manufacturers
- Alexander Khurudzhi, Chairman of Board,
The Energy Research Institute of the Russian Academy of Sciences
Development of territorial grid organizations in Russia
- Mikhail Akim, Director for Strategic Development, ABB
SmartGrid in Russia
- Maria Andreeva, Head of Department for Development and Implementation of Solutions for Smart Grids, Schneider Electric
Solutions of Schneider Electric: from intellectual substation to “smart city”
- Andrey Listovsky, CEO, Energy Development Fund
Solutions of the problems of integration and economical co-operation consolidation of particular regions by means of Federal Grid Company: territorial specifics of fuel and energy balance, main potential sources of new generation, and key consumers location
- Vladimir Andrienko, Deputy Director, Kompomash-TEK
Increase of environmental and economical efficiency of coal thermal electric power plants in Russia using new equipment for boiler fuel preparation and burning
- Daniel Dmitriev, Deputy Director, Energia
Road map of the project “Increase of energy infrastructure accessibility”

Q&A

6 December

National University of Science and Technology MISIS, Nanotechnologies Meeting Room

11:00–12:30 **Panel discussion with Igor Vittel**

Experts invited by Igor Vittel:

- Viktor Kudryavy, Advisor to President, EUROCEMENT group
- Bulat Nigmatullin, First Deputy Director, Institute of Natural Monopolies Problems
- Mikhail Akim, Director for Strategic Development , ABB
- Alexander Grigoryev, Head of Fuel and Energy Complex Research Department, Institute of Natural Monopolies Problems
- Anton Poryadin, Director, A.T. Kearney

12:30–13:00 Coffee break

13:00–14:30 **Session 4. Renewable energy sources. Investments.**

- Arkadiy Naumov, Expert-Analyst, Infomine Research Group
Current state and perspectives of development of renewable energy sources
- Nariman Rustamov, Senior Researcher, Research laboratory of renewable energy sources of Geographic Faculty of Lomonosov Moscow State University; Tatyana Andreenko, Senior Researcher, Research laboratory of renewable energy sources of Geographic Faculty of Lomonosov Moscow State University
National system of technical regulation and development of energy of renewable sources in Russia
- Aleksey Zhikharev, Head of Investors and State Institutions Relations of Renewable Energy Sources Development Program on Russia, International Finance Corporation
Investments in renewable energy sources in Russia
- Stanislav Zhiznin, President, Center for Energy Diplomacy and Geopolitics
International Co-operation and modernization of electric power industry
- Igor Goncharov, Independent Analyst
Model of the market and investment attractiveness
- Elena Monakhova, CEO, Teider
Intellectual analysis of industry data – from absurdity to implementability and innovations
- Viktor Filatov, CEO, AltEnerggo
Experience of renewable energy projects implementation in Belgorod Region

18:00–20:00 **Reception**

La Provincia Italian Restaurant
1, building 2, Kaluzhskaya square, Moscow (Oktyabrskaya metro station)

International Conference

Coal of Russia and CIS 2012

The major aim of the conference is to boost international cooperation in trade, investments, technologies and other fields for coal industry as well as joint brainstorming the problems below, designing possible models of solution.

6 December

18:00–20:00 Reception

La Provincia Italian Restaurant
1, building 2, Kaluzhskaya square, Moscow (Oktyabrskaya metro station)

7 December

National University of Science and Technology MISIS, Nanotechnologies Meeting Room

09:30 Registration

09:30–10:00 Conference opening. Welcome address

10:00–12:00. Session 1. Steam and coking coal markets of Russia and world

- Lyudmila Plakitkina, Head of Laboratory, Scientific basis for development and regulation of coal industry, The Energy Research Institute of the Russian Academy of Sciences
Overview of coal industry development trends in ex-USSR countries in post-Soviet period
- Maxim Nikolaev, Vice President, Third Rome
Overseas expansion of CIS coal companies: strategies and targets for merger
- Alexander Andreev, Deputy Managing Director for Strategic Planning, Rapsadskaya Coal Company
Impact of crisis and acquisition of industrial assets on coking coal consumption market
- Alexander Grigoryev, Head of Fuel and Energy Complex Research Department, Institute of Natural Monopolies Problems
Coal industry of Russia: "export pause" and perspective risks
- Natasha Tyrina, Primary Russian Coal Analyst, Wood Mackenzie (UK)
Russia's role in supplying future export markets
- Elena Gusarova, Head of Department, Infomine Research Group
Main trends of Russian coking coal and metallurgical coke export shipments
- Roman Shurlakov, Head of Strategic Raw Materials Purchase, Metinvest Holding (Ukraine)
Coal for pulverized fuel: market perspectives
- Nikolay Godunov, ABB
Increase of coal industry efficiency

12:00–12:30 Coffee Break

12:30–13:15 Resumption of Session 1

- Dmitry Filimonov, CEO, Rodex
Registration of out-exchange deals and exchange trade of coal: practice and perspectives
- Roustam Vakhitov, Head of Tax Consulting, International Tax Associates (Netherlands)
Transfer pricing in energy resource industries
- Yuriy Plakitkin, Deputy Director, The Energy Research Institute of the Russian Academy of Sciences
New paradigm of global fuel and energy complex development. Conclusions for coal industry of Russia
- First Patent Company, Lidya Raimm, Deputy Director
Main trends of electric power enterprises development in terms of protection of intellectual property. Legal protection of industrial property and intellectual resources of a company

13:15–14:00 Session 2. Railway and Maritime Shipments. Infrastructure development. Investments.

- Mehmet Anadol, Coordinator, KOZA Chartering and Transportation (Turkey)
Current Fleet Structure for Coal Shipping in the Blacksea - Available Vessels, tonnage preferences, scrapping
- Vyacheslav Pavlov, Senior Consultant, Mining, American Appraisal
Coal industry attractiveness for investments in terms of a fluctuating market
- Dr Laurance Donnelly, Exploration & Engineering Geologist, Wardell Armstrong (UK)
Why conduct an independent technical audit of coal exploration and mining assets?
- Ezra Machnikowski, Of Counsel, Norton Rose (Central Europe)
Strategies for addressing compliance risks in the context of joint ventures, acquisitions, divestments, investments and other commercial contracts

14:00–15:00 Lunch

15:00–16:30 Session 3. Advanced technologies for coal mining and coal cleaning. Associated industries.

- Denis Davydov, Head of Engineering department, Investment and Capital Construction department, Enel OGK-5
Dry ash project at Reftinskaya
- Peter Dryburgh, Technical Director - Head of Coal Group, Wardell Armstrong
The current status of underground coal gasification as a commercial technology and the knowledge transfer and education needed to support commercialisation
- Vladimir Andrienko, Deputy Director, Kompomash-TEK
Technology of speed thermal treatment of brown coals
- Konstantin Avtonomov, Chairman of Board, Coal Enterprises Association (Ukraine)
Coalmine methane disposal at Ukraine mines
- Yefim Kreynin, Director, R&D Center "Thermal Technologies for Hard Extracted Fuels", Gazprom Promgaz
Advanced technologies for underground gasification and complex degasation of coal courses
- Dmitry Krylov, Senior Scientist, National Research Center "Kurchatovsky Institute"
Natural radio nuclides in coal and ash residuals from steam coal power stations
- Ivan Korneev, CEO, Thrane Technik
Innovative technologies for coal making process modernization

16:30–17:00 Conference resuming and conclusion

company	participant	position	country	activity
A.T. Kearney	Anton Poryadin	Partner, Head of Energy Practice and Strategic Development in CIS	Russia	consulting
ABB	Mikhail Akim	Director for Strategic Development	Russia	equipment manufacturing
Alstom Energy	Andrey Lavrinenko	Vice President for Russia and CIS	Russia	equipment manufacturing
Alstom Energy	Natalya Sycheva	Strategic manager for Russia and CIS	Russia	equipment manufacturing
AltEnergO	Viktor Folatov	CEO	Russia	alternative energy sources
Ameltikskaya Coal Company	Anatoliy Alkin	Deputy Director for Investments and Analysis	Russia	coal extraction
Ameltikskaya Coal Company	Sergey Polischuk	CEO	Russia	coal extraction
American Appraisal	Vyacheslav Pavlov	Senior Consultant, Mining	Russia	appraisal
Association of Energy Auditors and Energy Service Companies of Samara Region	Karamyshev Viktorovich	Executive Director	Russia	representing interests of market participants
Baker & McKenzie	Sergey Sitnikov	Counselor	Russia	law services
Bioenergy, corporation	Denis Buchelnikov	CEO	Russia	peat extraction and processing
Bioenergy, corporatoin	Dmitriy Mikhailov	PMP, Investor Relations Director	Russia	peat extraction and processing
Center for Energy Diplomacy and Geopolitics	Stanislav Zhiznin	President	Russia	market research
DonSetEnergO	Sergey Garkusha	Director	Russia	logistics
ELECTRIC POWER. Transportation and distribution (magazine)	Anton Fenev	Head of Event Department	Russia	press
Electroshield-TM Samara, Group of companies	Akexander Rafikov	General Designer	Russia	electrotechnical equipment manufacturing
Enel	Lorenzo Colovini	Senior Manager Russia, CIS and Baltic	Italy	electric power manufacturing
Energia Holding	Daniel Dmitriev	Deputy Director	Russia	electric power supply in Saint-Petersburg, Russia
Energia Holding	Artem Abuev	CEO	Russia	electric power supply in Saint-Petersburg, Russia
Energy Development Fund	Andrey Listovskiy	CEO	Russia	engineering

company	participant	position	country	activity
ESN	Vadim Medvedev	Head of Investment Department	Russia	grinding balls manufacturing
ESN	Irina Esipenko	CEO	Russia	grinding balls manufacturing
EUROCEMENT group	Viktor Kudryavy	Advisor to President	Russia	cement manufacturing
Federal Service for Ecological, Technological and Atomic Supervision	Tatyana Evseenkova		Russia	
Federal Service for Ecological, Technological and Atomic Supervision	Vladimir Grachev	Chairman, Public Council	Russia	
Financial University under the Government of the Russian Federation	Artur Gibadullin	Postgraduate Student	Russia	educational services, research
First Patent Company	Lidya Raimm	Deputy Director	Russia	
Gubernsky gorod	Alexander Kryuchkov	President	Russia	supplies of energy equipment
Gubernsky gorod	Nadezhda Kiryanova	Head of OTEO	Russia	supplies of energy equipment
Gubernsky gorod	Evgeniy Makushin	Head of OM	Russia	supplies of energy equipment
Igor Goncharov		Independent Analyst	Russia	market research
Infomine Research Group	Arkadiy Naumov	Expert-Analyst	Russia	market research
Institute of Natural Monopolies Problems	Bulat Nigmatulin	First Deputy Director	Russia	market research
Institute of Natural Monopolies Problems	Yuriy Saakyan	CEO	Russia	market research
Institute of Natural Monopolies Problems	Alexander Grigoryev	Head of Fuel and Energy Complex Research Department	Russia	market research
Institute of Natural Monopolies Problems	Sergey Belov	Head of PR Department	Russia	market research
Institute of Natural Monopolies Problems	Alexander Polygalov	Expert-Analyst of Fuel and Energy Research Complex	Russia	market research
International Finance Corporation	Aleksey Zhikharev	Head of Investors and State Institutions Relations of Renewable Energy Sources Development Program on Russia	Russia	investments

company	participant	position	country	activity
International Institute of Innovations Transfer (IIIT)			Russia	
INTERRAO UES	Azat Salikhov	Head of Electric Machine Building Complex Department	Russia	electric power generating and sales, engineering
Istanbul Electrical-Electronics Machinery and ICT Exporters Association	Mehmet Murat Tuncel		Turkey	representing interests of market participants
Kazakhmys	Igor Pivovarov	Director for Marketing of "Borly" Coal Department	Kazakhstan	coal extraction
Kompomash-TEK	Vladimir Andrienko	Deputy Director	Russia	technologies development, equipment manufacturing
Kurchatov Institute, Russian Research Centre	Dmitriy Krylov	Senior Researcher	Russia	scientific research
Kurchatov Institute, Russian Research Centre	Valentina Putintseva	Researcher	Russia	scientific research
Kuzbasskaya Toplivnaya Company	Vasiliy Rumyantsev	Director for Moscow Rep. Office	Russia	coal extraction
Maikuben-West	Aydar Kaipov	Advisor to CEO	Kazakhstan	coal extraction
Ministry of Economic Development of Russia			Russia	
Ministry of Energy of Russia			Russia	
Ministry of Energy, Kenya	Joseph Mwaura Ndogo	Senior Superintending Geologist	Kenya	
Non-Commercial Partnership of Guaranteeing Suppliers and Power Sales Companies (NP GS & PC)	Mikhail Bykanov	PR-Manager	Russia	representing interests of market participants
Non-Commercial Partnership of Guaranteeing Suppliers and Power Sales Companies (NP GS & PC)	Natalya Nevmerzhitskaya	Chairman of Board	Russia	representing interests of market participants
Non-Commercial Partnership of Territorial Grid Organizations	Alexander Khurudzhi	Chairman of Board	Russia	representing interests of market participants
Osnovnoy Aktiv	Oleg Saydentsal		Russia	energy objects construction
Premium Engineering	Denis Bodyagin	Head of Sales Department	Russia	construction of energy objects
RBC TV	Igor Vittel	TV Host	Russia

ENERGY FORUM 2013

May 28–30, 2013, Moscow, Russia

May 29

Conference

Coal of Russia and CIS

May 28

2013

May 30

Conference

Electric Power of Russia:

Generation, Transportation, and Distribution.

- Situation in the industry: experts' view
- Energy efficiency and energy audit
- Electric power industry: generation, transportation, and distribution
- Atomic energy
- Renewable energy sources, alternative fuel
- Analysis of Russian and global coking and steam coal
- International trade
- Sea, river, railway shipments
- Sustainable development of energy industry: environmental, social, and infrastructure issues
- Innovative technologies
- HR
- Financing of the industry. Investments
- International cooperation
- Presentations of equipment suppliers, mini-exhibition

Conference

Energy Efficiency
